

Chemistry 51 Laboratory, Fall Semester, 2008 Schedule and Locations of Special Presentations

All presentations begin promptly at 13:15 in the listed room unless announced otherwise. On lab days without a presentation, please report directly to Room 6.

- Week 1 General Orientation (Room 106, Student Lounge, Seaver North): Groups I & II at 13:15
Check-in (Room 6): Group A at 13:45, Group B at 15:15
Excel (Room 113): Group B at 15:15, Group B at 13:45
- Week 2 Classes of reactions: All at 13:15 (Room 106, Student Lounge)
- Week 3 Five Anion and the Use of Volumetric Glassware (TBA): All, 13:15 (Room 106, Student Lounge)

ROUND-ROBIN SESSIONS, WEEKS 4-9

- Week 4 Lecture on Calorimetry: All at 13:15 (Room 106, Student Lounge)
- Volumetric Acid-pH Meter (Room 6)
 - Gas Chromatography (Room 115)
 - Enthalpy of Reaction (Room 115)
 - Neutron Activation (Room 1)
- Week 10 Molecular Modeling (Room 113): Group I at 13:15 and Group II at 15:15 (2-hour sessions)
- Week 12 The apparatus for measuring the paramagnetic susceptibility is located in Room 115. Bring your sample to the room when you are ready to make the measurement.
